* Free and Reduced price meal applications are accepted throughout the school year. Our school participates in the National School Lunch Program. This program is a federally subsidized program and your child(ren) may be eligible to receive free or reduced-price meals (currently there is no charge for reduced-price meals). As our economy continues to suffer and we are seeing more layoffs, families who might not have been eligible to receive free meals in the past could possibly qualify if there is a change in household income and/or household size. Meal applications are to be completed with the most current month of income or Food Stamp case number. Meal applications are available in the office.
